How It Works:

1. Purchase a qualifying Intermec printer or terminal/computer between June 15, 2005 and December 9, 2005. Your rebate will be based on a 1:1 ratio of eligible units you trade-in to the eligible new units you purchase.
2. Fax a copy of your invoice (proof of purchase) for your new Intermec equipment and a rebate coupon to Intermec Rebate Processing 425-267-2929.
3. Upon receipt of your rebate coupon and invoice, Intermec will email you a confirmation along with detailed shipping instructions for your trade-in equipment.
4. Upon receipt of the trade-in equipment, rebate coupon, and proof of purchase, a rebate check will be issued. The total amount of the rebate depends on the unit(s) traded in, as well as the new products purchased.
5. Shipments must be postmarked within 60-days of invoice for the new Intermec equipment. Ex. If new Intermec equipment has an invoice date of November 11, 2005 the trade-in equipment must be shipped no later than January 10, 2006.

Packaging Tips: Always start with a new box that allows for three inches of insulation around the equipment. Liberally tape the bottom of the box to add strength. Package by layers and start with the heavier items on the bottom and the more fragile items on top. Electrical adapters, chargers and cables are a good item to put on the bottom. Cover each layer of equipment with about two inches of good firm packaging materials: bubble wrap, Styrofoam peanuts, or rubber foam. Package must hold the items tightly. When packaging terminals and scanners, remember these are fragile and need to be protected. Keep the equipment from touching each other by wrapping the terminals and scanners in their own foam, or bubble-wrap. Do not let these items rub on each other; keyboards and screens must be protected.
